EXCALIBUR LOCKERS

We've raised the bar with the Elite Locker product series. Now we've built something even stronger. Introducing Excalibur!

The increased steel thickness on every part of the Excalibur locker results in a product that is 25% heavier than any other locker on the market in North America.

- + 14-gauge steel outer door panels, 20-gauge liner
- + All other components are minimum 16-gauge
- + 16-gauge galvanized shelves, tops, and bottoms
- + Our standard quiet-close, never-sag door with single-point latch
- + Multi-compartments per locker available

16-gauge galvanized shelves

Single-point latch

No-rust bottoms

NO COMPROMISING

DASCO Distributors does not compromise on product quality. The Excalibur locker is the strongest and most durable locker in the market today.
